

What Our Friends Think of Burriss' Patent Metal Shingles

—Better Than Any Advertisement We Could Write.

FROM GEN. M. L. BONHAM

Anderson, S. C., May 12, 1916.

Messrs. John T. Burriss & Son,
City.

Gentlemen:

In view of the numerous recent fires, and being guided by my own experience Wednesday morning, I have decided to let you reduce the risk on my residence on Greenville street which is covered with wood shingles; this letter being your order for roofing my house at your earliest convenience with Burriss Patent Metal Shingles.

I am glad to add, in this connection, that it gives me pleasure to know I can secure a roof of such durability and of such pleasing design "made in Anderson."

Wishing for you the success you so richly deserve, I am
Very truly yours,
M. L. BONHAM,

FROM MR. Z. C. BALLENTINE

Anderson, S. C., May 12, 1916.

Messrs. John T. Burriss & Son,
City.

Gentlemen:

I Cannot, since my experience Wednesday night, when my barn and contents were destroyed by fire, refrain from expressing to you my appreciation of the protection afforded by Burriss Patent Metal Shingles. My residence, which is covered with your shingles, and which is located about a hundred yards from the barn—I sincerely believe—would have burned too had it been covered with wood shingles. It was not directly in line with the breeze which was blowing at the time, as was several other buildings which were covered with wood shingles, and which caught fire several times, but there is little doubt in my mind but what it would have gone too had it been covered with wood shingles.

Therefore I want to heartily endorse all you have been saying about Burriss Patent Metal Shingles, and if you see fit to use this letter in any way you certainly have my permission.

Very truly yours,
Z. C. BALLENTINE.

FROM MR. A. P. CATER

Anderson, S. C., May 12, 1916.

Messrs. John T. Burriss & Son,
City.

Gentlemen:

It is rather late, but I feel that I am due you at least an expression of my appreciation of the value of your Patent Metal Shingle as a protection against fire, which was never more clearly demonstrated than in the fire on Greenville street Tuesday noon.

That there would have been several more homes damaged or destroyed in that neighborhood, had it not been for the fact that they were covered with Burriss Patent Metal Shingles there is hardly any doubt, and I am only too glad to add this word of commendation.

Wishing you unlimited success, I beg to remain
Very truly yours,
A. P. CATER.

BUYING RAGS, BOOKS, OLD MAGAZINES AND RUBBER TO MAKE PAPER SUPPLY

Atlanta, May 12.—One publisher has become interested in the paper panic enough to join in the commercial war against a high news paper market. The publisher is N. S. Shipp, editor of the new Dalton Daily Tribune at Dalton, who has just organized the Georgia-Tennessee Paper company, whose purpose will be to ship several hundred tons of paper materials to northern and eastern paper mills during the next few months. They will ask the co-operation of every chamber of commerce and trades body in the two states.

The company will purchase old magazines, books, rags and rubber as well as fats for soap making. Each of the papers making material in this country are now being used. It is stated in the manufacture of high explosives. The Dalton concern, it is reported, are also experimenting with dyes, expecting to produce a dark red dye at a low cost.

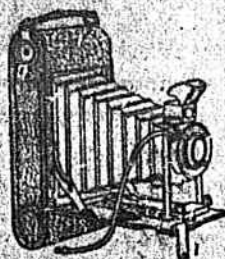

Oldest Elk Dead.
Columbus, Miss., May 12.—Harrison Johnston, aged 101, said to be the oldest Elk in the United States, died here today. He was a veteran of the Seminole Indian tribe.

ANNUAL MEETING OF ORR COTTON MILLS

WAS HELD YESTERDAY
MORNING IN OFFICES. OF-
FICERS ELECTED

PAY DIVIDEND

Shower Baths for People of Vil-
lage Will Be Installed in Near
Future.

At the meeting of the stockholders of the Orr Cotton Mills held yesterday in the offices of the mill, the following directors were elected for the ensuing year:

E. P. Smith, E. P. Frost, J. E. Sirrine, R. S. Ligon, J. E. Vandiver, J. F. Watson, H. A. Orr, M. P. Orr and J. D. Hammett.

The directors met immediately after the stockholders meeting and elected J. D. Hammett president and treasurer, R. S. Ligon vice president and J. B. Hammett, secretary and assistant treasurer.

The directors declared a semi-annual dividend of 3 per cent payable July 1st.

The directors were impressed with one portion of the president's report and feels that harm is being done in certain directions because of erroneous impressions being created on the minds of the people of the state as to the ownership of the mills. That part of the report which impressed the directors, and which they wish to impress on the people generally is as follows:

"There seems to be a disposition in certain quarters to create the impression that the mills are not the property of citizens of this state, but are owned by capitalists away from this state. While it is true that capitalists from away should see well to invest their money within the confines of the state we should not consider that fact as being other than good for the state. However except in isolated cases, where mills have been seriously embarrassed by debt, the stock is owned largely by North Carolinians, and in the case of the Orr Cotton Mills this is particularly true. We feel these articles do more harm than good, and where in error should be corrected."

The directors authorized the president to establish free shower baths for the people of the mill village, and to provide certain amusements for the benefit of the employees of the mill.

The out of town member of the board present was Mr. E. P. Frost of Charleston, S. C.

For Roads and Schools.

Baton Rouge, La., May 12.—Governor Hall, who retires next Monday, sent his final message to the State legislature yesterday. His recommendations included enlargement of public institutions, increased schools and continuation of good roads construction.

Norfolk, Va., May 12.—The case of the prize ship Appam, now at Newport News, will be heard in the United States district court here tomorrow.

FIRE IN SUPPLY ROOM ORR COTTON MILLS

ORIGINATED LAST NIGHT
ABOUT 9 O'CLOCK.
SMALL DAMAGE

FIRE IN COUNTY

House on Place Bob Kay Near
Neal Creek Church Was De-
stroyed Last Night.

There was a small fire in the supply room of the Orr Cotton Mills last night at 9 o'clock, however, it was gotten under control before any great damage was done.

It was impossible last night to estimate the water damage. The fire originated near one end of the room next to the floor. It was discovered before considerable headway had been made, but it was a stubborn fire to fight and it took some time to put it completely out. The mill's fire fighting equipment was used.

The stock in the supply room is valued at \$25,000, covered by insurance, therefore the loss will not be so great.

Fire in Country.

A telephone message to The Intelligencer last night stated that a house on Mr. Bob Kay's place near Neal's Creek church, and occupied by Mr. Will Smith, had been burned. The value of the house was estimated at \$800 or \$700. It was not learned whether any insurance was carried.

PROGRAM ARRANGED BANKERS MEETING

THOSE OF GROUP NO. 1
MEET IN ANDERSON NEXT
WEDNESDAY

BE ENTERTAINED

By Bankers of Anderson Imme-
diately After Business Ses-
sion Completed.

Group No. 1 of the South Carolina Bankers association will meet in Anderson on the afternoon of May 16th, at 3:30 o'clock. The following are the principal speakers for the occasion: Mr. B. Frank Mauldin, president of Bank of Anderson, (subject to be announced later), Mr. W. W. Long, state agent and director of extension work, Clemson College, subject, "Marketing the Business Man's Problem." Mr. T. Frank Watkins, Anderson, S. C., subject, "Bank Credits."

Immediately after the business session all those present will be entertained by the bankers of Anderson.

SELECT MANAGERS FOR PRIMARY ELECTION

MEETING CITY EXECUTIVE
COMMITTEE HELD YES-
TERDAY AFTERNOON

ABOUT VOTING

Man May Vote For Mayor and
Not Alderman and Vice Ver-
sa, According to Rules.

At a meeting of the city executive committee held yesterday afternoon at 5:30 o'clock, the following were elected for managers of election in the city primary which will be held next Thursday.

Be It Resolved by the members of the Democratic Executive committee of the city of Anderson, South Carolina, as follows:

1. That the following named persons are hereby elected and shall be the managers of the democratic primary election to be held in the City of Anderson, South Carolina, on May 16th, 1916:

Ward 1.
B. Frank Crayton,
W. T. W. Harrison,
G. M. Carter

Ward 2.
W. A. Chapman,
B. A. Strickland,
H. B. Simpson.

Ward 3.
T. W. Norris,
H. H. Acker,
J. W. Shaw.

Ward 4.
Andrew Todd,
N. C. Burris,
W. M. Watt.

Ward 5.
J. C. Lomax,
M. B. Allen,
J. C. Pressly.

Ward 6.
W. S. Stone,
J. L. Scott,
C. W. Herring.

2. That if any manager shall fail or refuse to serve the chairman of this committee may appoint a substitute.

Attest: G. Cullen Sullivan,
Chairman City Executive Committee to vote only for mayor or vote only for alderman.

The question has been raised as to whether a voter in the city primary election next Tuesday will have to vote for both mayor and alderman or whether he would have the right to vote only for mayor or vote only for alderman. It is desired to do so. The democratic primary rules permit a voter to refuse to vote for the candidates or candidates for any office and hence a man may vote for mayor or without voting for alderman, or he may vote for alderman and refuse to vote for mayor.

Inspect Junk Dealers.
Atlanta, Ga., May 12.—So many thousands of dollars worth of plumbing fixtures, bath tubs, lavatories and other things have been stolen from vacant houses in Atlanta, that the city council has prepared a special ordinance requiring the most rigid daily inspection of junk dealers and pawn shops in the hope of getting an end to the nuisance. The police authorities have tried and failed to cope with the plumbing thieves.

A Drop in Value.

Atlanta, Ga., May 12.—"Premier Longfellow," the famous registered boar who was killed in a railroad wreck and thereby furnished basis for a damage suit in Fulton superior court which attracted widespread attention, has fallen from his previous high estate of \$20,000 to a measly valuation of \$110, which is no more than the worth of an extraordinary good-sized porker on the hoof.

A short time ago a jury awarded damages of \$10,000 to the owner of the hog. The railroad appealed the case, with the result that a second jury awarded a new verdict of \$110.

HIDDEN TROUBLE

Because your teeth are faultless in APPEARANCE, it does not necessarily follow that they are SOUND. HIDDEN TROUBLE may be commencing in unseen places. Decay is often present for weeks BEFORE it becomes apparent. The skillful dentist can detect these places and PREVENT discoloration and disease. Go at least twice a year to your dentist, and have your teeth examined.
